Ministry of Public Health

The Ministry of Public Health has received from the Arab Republic of Egypt a donation of medical aid to support hospitals in facing the Corona pandemic

The Ministry announced that the Ma3an application has become available on smartphones, and it is Lebanon's official contact tracing application designed and developed by the Ministry in cooperation with a team of experts from the American University of Beirut in cooperation with TedMob.

The Ministry is following up on the final experiments of using trained police dogs to pre-detect the possibility of infecting arrivals through the airport with the Coronavirus, which the ministry is carrying out in coordination and cooperation with the French embassy in Lebanon.

The Ministry of Public Health announced a contribution secured from the budget reserve of fifteen (15) billion Lebanese pounds, which will be distributed to support 10 government hospitals in various Lebanese regions with the aim of developing and supporting them to contain the Corona pandemic.

The Ministry issued additional test results for the upcoming trips on August 31 and September 1, 2020, where six new positive cases were recorded, and they were distributed as follows:
