Ministry of Public Health

The Minister of Public Health in the caretaker government, Dr. Hamad Hassan, announced the completion of the final part of the Banks Association initiative to support the health sector in facing the Corona epidemic

The Ministry of Public Health has received from the Arab Republic of Egypt a donation of medical aid to support hospitals in facing the Corona pandemic

The Ministry announced that the Ma3an application has become available on smartphones, and it is Lebanon's official contact tracing application designed and developed by the Ministry in cooperation with a team of experts from the American University of Beirut in cooperation with TedMob.

The Ministry is following up on the final experiments of using trained police dogs to pre-detect the possibility of infecting arrivals through the airport with the Coronavirus, which the ministry is carrying out in coordination and cooperation with the French embassy in Lebanon.

The Ministry of Public Health announced a contribution secured from the budget reserve of fifteen (15) billion Lebanese pounds, which will be distributed to support 10 government hospitals in various Lebanese regions with the aim of developing and supporting them to contain the Corona pandemic.

The Ministry issued the results of additional examinations for the upcoming trips between August 31 (the last batch) and September 2, 2020, when 7 new positive cases were recorded and distributed as follows:

General announcements

On 8/31/2020, the National Committee for Follow-up of Preventive Measures and Measures to Confront the New Coronavirus issued the following recommendations based on an assessment of the reality of the epidemic:

- Activating the mechanism approved between the Ministry of Public Health and the Lebanese Red Cross to distribute and transfer suspected cases of Coronavirus to governmental and private hospitals through the call center established in the Ministry of Health, provided that the Red Cross is provided with daily regulations about the hospital occupancy rate.
- Activating the work of the electronic platform IMPACT at the Ministry of Interior and Municipalities to monitor the situation of those infected with Coronavirus.
- Reopening amusement centers with an occupancy rate of 50% only, while adhering to the highest preventive measures
- Reopening the external wedding gardens only, subject to obtaining approval from the Ministry of Interior and Municipalities, and monitoring by the municipal police, provided that the occupancy rate does not exceed 50%.
- Conducting an analytical statistical study of the spread of the Coronavirus, in cooperation with the Ministry of Communications and the Lebanese University.

Note: The decisions can be found at www.drm.pcm.gov.lb

Examples of lack of adherence to safety measures

- The tourist officer at the Ministry of Tourism wrote a report of seizure against the Ballroom Foundation and Nightclub, which are located in the Jounieh Haret Sakher area, the Analogue Club in Ashrafieh, the MOOD Club in Broumana and the Mr. Dollar in Zouk, due to the violation of General Mobilization Resolution No. 1032/2020, failure to comply with preventive measures, and the permitted number of customers, which were sealed with red wax.
- Demand gatherings and demonstrations.
- Failure to comply with the preventive measures and procedures required in a number of stores and markets (putting on a muzzle or face mask, sterilizing hands, maintaining a safe distance).
- Gatherings for social events.
- Failure of those in contact with confirmed cases to adhere to home isolation procedures until the results of the laboratory tests are issued.

If you feel any symptoms, call directly the hotline of the Ministry of Public Health: 1214 or 01/594459
