Decisions and actions taken – 07/09/2020

Ministry of Public Health

In a statement, the two representatives, Muhammad Al-Hajjar and Bilal Abdullah, thanked the Minister of Health, Hamad Hassan, and his assisting team, for handing over to Sibliin Governmental Hospital the intensive care equipment of the hospital's Corona department and respirators, especially the advanced PCR examination, so that the hospital could complete its role and mission.

- The Ministry of Public Health announced the beginning of the second phase of confronting Corona by increasing the number of beds in Tripoli Governmental Hospital, Abdullah Al-Rasi Governmental Hospital in Akkar and Assoun Governmental Hospital in Danniyeh, with the increase in the number of PCR examinations.

- The Ministry of Public Health has handed over the Ehdn Governmental Hospital a PCR EXPERT, within the framework of increasing preparedness and preparation for the second phase of the epidemic.

- Thhe Minister of Public Health and the Governor of the North held an expanded meeting at the Serail of Tripoli to discuss how to limit the spread of the Corona virus in Tripoli and all other northern districts, and the measures taken to treat and prevent the outbreak of the epidemic in cooperation with the federations of municipalities and municipalities.

- The Ministry issued the results of additional examinations for the upcoming trips on 4, 5 and 6 September 2020, where 6 new positive cases were recorded, and they were distributed as follows

Arriving from	Company	Flight Number	Number of Positive Cases
04/09/2020

General announcements

On 9/9/2020, the National Committee for Follow-up of Preventive Measures and Measures to Confront the New Coronavirus issued the following recommendations based on an assessment of the reality of the epidemic:

- Adopting blended education for all levels, provided that the classroom capacity is 50% as a maximum of its absorptive capacity in a manner that respects the required spacing, as the school year begins on September 28, 2020 gradually according to the educational stages.
- Circular on public and private means of transport through the ministries of public works and transport, the interior and municipalities, the obligation of 50% of their absorptive capacity.
- Work to develop standards and a plan to respond to any epidemiological emergency that may appear within educational institutions, through a working group that includes the Ministries of Education and Higher Education and Public Health and a representative of the Committee for Follow-up of Measures and Preventive Measures of Coronavirus.
- Providing vaccinations against influenza for public and private school students from the age of 3 to 15 years and developing a plan to implement the vaccination campaign in coordination with the Lebanese Red Cross.

The Ministry of Education and Higher Education issued Decision No. 132 dated 7/9/2020 regarding the organization of teaching in public and private schools and high schools for the 2020-2021 academic year, as the decision specifies the schedule of starting dates for the academic year for all educational stages, how to divide students into two groups during the first semester From the school year until the health conditions return to normal, in addition to the procedures and measures that must be taken at the school level in order to secure the teaching requirements and maintain the required divergence to prevent the spread of the epidemic in educational institutions.

Note: The decisions can be found at www.drm.pcm.gov.lb

Examples of lack of adherence to safety measures

- Demand gatherings and demonstrations.
- Failure to comply with the preventive measures and procedures required in a number of stores and markets (putting on a muzzle or face mask, sterilizing hands, maintaining a safe distance).
- Non-compliance with the 50% occupancy rate in several restaurants and amusement game centers.
- Gatherings for social events.
- Failure of those in contact with confirmed cases to adhere to home isolation procedures until the results of the laboratory tests are issued.

If you feel any symptoms, call directly the hotline of the Ministry of Public Health: 1214 or 01/594459
