Objectives of the National Operations Room

The National Operations Room works on coordinating efforts in order to accomplish the following goals:

First Objective: Control the spread of the virus through the application of precautionary measures, minimize direct contact among people, and increase awareness of the population and access to information.

Second Objective: Ensure the continuity of services at the national level and adopt and encourage remote working.

Third Objective: Increase health sector capacity by continuously assessing available resources, gaps and look for funding and technical assistance to build up capacities and case management.

General Directions and Recommendations

- Implement the decisions issued by the Presidency of the Council of Ministers at the level of public and private institutions and municipalities.
- Stay at home and don't go out unless it is necessary.
- Frequently wash hands and follow all safety measures set by the Ministry of Public Health.
- Avoid crowded places and social contact and commit to a safe distance between individuals.
- Seek medical care if you feel fever, cough and difficulty of breathes. Call the Ministry of Public Health hotline 1214 or 01-594459

Risks that Might Result in the Rapid Spread of the Virus

- Lack of adherence to the medical advisories.
- Disrespecting to compulsory home quarantine.
- The spread of the virus in crowded places.
- Allowing gatherings to take place
