Decisions and actions taken during the past 48 hours

Ministry of Public Health

The Minister of Public Health announced the launch of a plan to expand the vaccination network vertically and horizontally to include some age, occupational and sick groups, public institutions and departments and some productive sectors on the path of safe return, and he pointed to caution in community activities and the common protection required for expatriates.

The Ministry of Public Health announced, in a statement, that it will conduct PCR tests every Tuesday in the building of the Union of Municipalities of Baalbek, for contacts in the Baalbek Drive thru district, between 10 am and 12 noon. She asked the person in contact or who was showing symptoms to call the number 1787 to register their name and answer the questions asked, to set a date for conducting the PCR examination, and called on the municipalities to announce the appropriate methods to reach the largest number of residents of the region.

The following recommendations were issued by the meeting of the Committee for Follow-up of Preventive Measures and Procedures for Coronavirus on 5/20/2021:

1. Expatriates from Brazil have the obligation to have a PCR test that has a negative result 96 hours before the date of travel to Lebanon, provided that the expatriate undergoes another examination at Rafic Hariri International Airport and adheres to the quarantine for a period of 4 nights / 5 days in one of the hotels specified by the Ministry of Tourism. During this period, he is subjected to a PCR examination and is required to quarantine if the result is positive.
2. Excluding national and foreign diplomatic missions from the procedure for the hotel quarantine, provided that they adhere to quarantine for a period of 5 days at their residence. Those coming from Brazil to Lebanon and those who have received the second dose of the vaccine for a period of two weeks are also excluded according to an official document proving that.
3. Postponing the elections for all trade unions in Lebanon for a period of 4 weeks until the epidemiological reality is stabilized, provided that the unions motivate those in charge of organizing the elections to receive the necessary vaccinations during this period, especially as they become available to the age group over forty years old and take place in open places at the time.
4. Permitting the reopening of cinemas and theaters until the eleventh hour at night within 50% of their capacity, while adhering to all preventive measures and measures from the Coronavirus.
5. Amending the timing of opening restaurants with closed lounges until the eleventh hour at night, provided that the Ministry of Tourism determines the classification of restaurant halls (closed or open), and permits the reopening of restaurants established on the roofs of buildings (ROOF TOP) until 12:30 at night.
6. Allow the holding of all events (weddings, conferences, exhibitions ...) within open spaces, provided that the number of attendees does not exceed 100 persons and 50% of its capacity.
7. The Ministry of Tourism to strictly control the tourism sectors under its authority, to ensure that it adheres to all obligations and preventive measures against the Coronavirus, and to take the necessary administrative measures against the violator, leading to closing it with red wax for a period of at least five days.

In implementation of Decision No. 96 / M on 6/2/2021 related to updating the strategy to confront the Coronavirus and the stages of gradual easing of the closure restrictions, the National Operations Room for Disaster Management issued a statement on 5/21/2021 about the additional sectors covered by the reopening, the permanence, and the conditions of their work in accordance with to the following:

Sector	Timing		Notes
Popular markets	5.00	21.00	It is mandatory to wear the muzzle for all vendors and pioneers.
The spaces for children's games within the commercial complexes	9.00	21.00	Capacity of one child / 16 square meters, with a mandatory mask for those over two years old
Cinemas and theaters	8.00	23.00	By 50% of its carrying capacity.
Occasions (weddings, conferences, exhibitions)	8.00	0.30	Within open spaces, provided that the number of attendees does not exceed 100 persons and 50% of its capacity.

Note: The full text of the decision can be found on the website <http://drm.pcm.gov.lb>

Examples of lack of adherence to safety measures

- Overcrowding in foodstuff stores, failure to organize roles on payment boxes, failure to respect the safe distance between customers, and the obligation to wear masks.
- Overcrowding inside banks and gatherings in front of cash withdrawal machines and money transfer offices.
