Ministry of Public Health

The Ministry of Public Health today, in 24 centers in various Lebanese regions, carried out the "AstraZeneca Marathon" for vaccination against the Corona epidemic, according to the criteria set by the Ministry, whereby any resident of Lebanese territory between the ages of 30 and 65 years can receive the vaccine in the designated centers after registering on the platform, Note that the centers have helped citizens to register on the platform in case they did not register beforehand.

The Corona Vaccine Executive Committee announced the start of targeting a new age group of the "Pfizer" vaccine for all citizens between the ages of 50 and 54 (older adults) who have registered on the platform and have chronic and incurable diseases, and also pointed out that sending appointments will be completed in sequence for age groups. Additional during the next week according to the plan of the Ministry of Public Health.

The Ministry of Public Health confirmed that Lebanon will witness in the coming days and weeks the arrival of large quantities of the Pfizer vaccine, which will lead to the acceleration and activation of vaccination processes, as the Ministry will work to establish additional temporary centers, strengthen the current centers, and increase the amount of vaccines available in them. The Ministry also renewed its call for citizens to register themselves on the platform and receive the vaccine through the Ministry of Public Health, because it is the best way to protect society from the spread of the Covid 19 epidemic, and to maintain improvement in epidemiological indicators so that Lebanon moves from the third stage to the second, and from there to the first stage. In societal expansion, where it becomes possible to reopen the country almost completely and completely.
