The National Awareness Campaign to register on the Coronavirus Vaccine Platform

Does the COVID-19 vaccine provide protection against the New Delta Variant?

Studies show that in countries where the variant is spread, unvaccinated populations are more likely to be hospitalized after infection. **Two doses of the vaccine should be administered to provide protection from the Delta Variant.**

What is the Delta Variant?

It is a variant of the COVID-19 virus and the fastest spreading one. Till 9 July 2021, it has been found in 98 countries at least and is spreading rapidly among unvaccinated populations.

How can we protect ourselves from the Delta Variant?

Take the full course of vaccination to achieve full protection.

Abide by all preventive measures (safe distancing, mask wearing, hand hygiene)

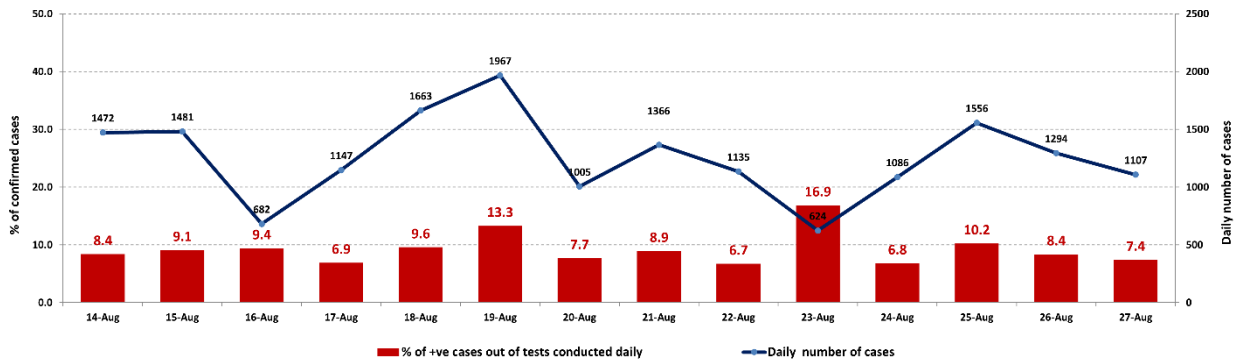

The infographic features a blue background with white text. At the top right, there are three red virus particles with 'Delta' written on them. Below the title, there is a large red circle containing two white syringes, one labeled 'Vaccination'. To the right of this, there are two smaller red circles: one showing a person wearing a white face mask, and another showing two people standing apart with a double-headed arrow between them labeled '1.5m'. Below these, there is a red circle showing hands being washed under a running faucet. At the bottom, there is a row of logos: a yellow oil lamp, the 'REPUBLIC OF UZBEKISTAN MINISTRY OF HEALTH' logo, a green mountain logo for 'THE STATE OF UZBEKISTAN', the 'United Nations' logo, the 'United Nations' logo, the 'unicef' logo, and a green leaf logo for 'uzbekistan'.

Ministry of Public Health

The Ministry of Public Health stated in a statement that after vigorous follow-up, in conjunction with the raids carried out by the ministerial inspection, matters were centrally resolved, and the Minister of Health informed yesterday that the Banque du Liban began granting the accumulated permissions and approval from the ministry a while ago, amounting to 1,800 invoices, and accordingly the ministry requests the companies The imported drugs will start disbursing the blocked drug and shipping the lump starting today. The warehouses of the importing agents, in addition to the general drug warehouses, will be under supervision and field tracking with the support of the ministerial inspection and the competent regulatory bodies.

The Minister of Public Health tweeted the results of the raids, as two and a half billion worth of Al-Aqibia warehouse was sold at the subsidized price, and the Jadra warehouse began disbursing its huge, subsidized stock, in addition to confiscating apartment seizures and unlicensed stores in Toul, Zahle and Taanayel. He stated that there is no intervention to release any of the five detainees by a judicial decision or a report of a missing person, adding that the campaign is continuing.

The Ministry of Public Health reported the completion of PCR tests for flights that arrived in Beirut and were conducted at the airport on August 30, where the results showed the presence of thirty-one (31) positive cases distributed on the following flights:
