### Ministry of Public Health

In response to the decision issued by the Judge of Urgent Matters in Beirut regarding obligating the Ministry to vaccinate a citizen, the Ministry of Public Health issued a statement in which it clarified that the Ministry had not notified this decision according to the rules, and that the aforementioned decision was issued pursuant to a petition without consulting the Ministry of Health's technical opinion or its position in this regard and that this is an infringement of its powers, and that according to the national plan for vaccination, which is based on the criteria for the age group, the date of registration, and the disease status, it was found that there is still time for the applicant before determining the date of his vaccination based on the platform that the ministry runs in coordination with the central inspection to enhance transparency and control

The Minister of Public Health confirmed that the ministry is proceeding according to a specific timetable in securing vaccines, and that the ministry is following up coordination with importing companies and is looking to facilitate the import of vaccines into Lebanon, and that vaccines will be available in large numbers during the next two months, and he also indicated that the ministry is working according to the national platform Whether in terms of importing the vaccine from several companies and involving the private sector, or with regard to the age hierarchy and target groups

The Ministry of Public Health issued a report of the national vaccination campaign from 13 to 27 February 2021, which showed that 46,971 citizens had received the vaccine as of the date of issuance of the report, 34,884 of them by a predetermined date through the platform and 12,087 of them according to a prior appointment with the centers. Approved for vaccination by the Ministry. For more details about the distribution of vaccines among the centers according to the governorates, the ministry's website can be increased: <https://moph.gov.lb>

## General Directorate of Internal Security Forces

Coinciding with the phase of gradually easing the closure restrictions, the General Directorate of Internal Security Forces began, periodically and intensively, to direct periodically from its operational units to inspect the institutions that have reopened their doors, to ensure the extent of their commitment to the necessary and safe procedures to start work, so that the number of these institutions reached 2930 / On various Lebanese lands (banks, supermarkets, maintenance companies, factories, and others ...). It stated that the elements of the Internal Security Forces are taking appropriate measures during the detection, such as ensuring the correct registration of these institutions, their employees through the official platform, as well as the results of their PCR examinations, and if they are duly listed, through the aforementioned platform. And make sure that the institutions take all preventive measures.

The General Directorate of Public Security announced that, based on the decision of the Presidency of the Council of Ministers related to updating the strategy to confront the "Corona" virus and the stages of gradually easing the closure restrictions, the Lebanese and their family members stranded in Syria and wishing to return to Lebanon will be allowed to enter Lebanon through the Al-Masnaa and Aboudieh border centers on 10/03/2021.
