Decisions and actions taken – 12/05/2020

Ministry of Public Health

- The Minister of Public Health announced during a press conference held with the participation of the Director of the World Health Organization in Lebanon, in the presence of representatives of the Internal Security Forces, the head of the medical center in Roumieh prison, the general directors and the heads of the boards of directors in governmental hospitals, that the world organization will pay the costs of treating thousand patients with Covid- 19 in intensive care, based on specific criteria and according to the tariff agreed upon between the ministry and hospitals. It has also been announced that it will expand the twinning program that the Ministry of Public Health implements with the World Health Organization to train medical nurses in government hospitals.
- A statement issued by the Minister of Public Health stated that the Preventive Medicine Department at the Ministry has organized an electronic questionnaire form to survey the opinion of Lebanese citizens regarding their desire to conduct a Covid-19 vaccine for free or through the private sector, which provides the opportunity for the latter to purchase it, while seeking to secure the vaccine at the best prices And preventing its monopoly under any circumstances, by concluding a direct agreement with the Banque du Liban and "Pfizer" without there being any third party in the agreement to reduce the profit rates that might raise the price of importing the vaccine.
- The Minister of Public Health confirmed the registration and import of any vaccine approved by the US Food and Drug Administration (FDA), the World Health Organization (WHO), the European Medicines Agency (EMA) and other international health organizations, in order to provide a more comprehensive community coverage to confront the Corona epidemic.
- With the aim of determining the vaccination strategy that the Ministry will adopt with the approaching issuance of the first vaccine against Covid-19, and since the available quantities will be limited, and Lebanon, like other countries, will give priority to specific group and since health-care workers are on the front lines of the pandemic response, getting them vaccinated is a priority. Accordingly, the Ministry of Public Health issued Book No. 43141 on December 4, 2020 directed to governmental and private hospitals to conduct a study on the factors of acceptance or refusal of hospital care workers to take the Covid-19 vaccine in order to collect complete information to guide the implementation of the strategy and identify the groups benefiting from the vaccine in the first stage.
- The Ministry of Public Health reported that PCR examinations were completed for flights that arrived to Beirut and were conducted at the airport on 12/1/2020 and 2/12/2020, where forty (40) positive cases were recorded, distributed over the following flights:
