Decisions and actions taken during the past 24 hours

Ministry of Public Health

The Ministry of Public Health announced the arrival of a plane carrying a quantity of Sinopharm vaccines against the Corona virus covid_19 provided as a gift from the Chinese authorities to the Lebanese government and for the benefit of the Lebanese Army, this afternoon, as the Minister of Public Health was receiving the plane that transported the vaccines.

The Ministry of Public Health announced that the approved certificate of vaccination is given electronically to those who received two doses of the vaccine, and it is an electronic certificate that contains a bar code and issued on the data page of the concerned vaccinator through the electronic platform, without the need to sign or stamp it from the ministry. The Ministry of Public Health announced, in a statement, that it would facilitate the access of citizens with special medical conditions to receive the vaccine, by following the instructions announced on its website.

The Ministry of Public Health issued Decision No. 381/1 based on the necessity to issue an official document confirming the vaccination of people outside the electronic national platform, which includes the measures to be taken by people who received the first dose of the vaccine outside Lebanon and brought the second dose with them, or who received the vaccine Through special initiatives with the aim of including them in the national platform for fertilization, which is as follows:

- Conducting an IgG test two weeks after completing the second dose of the vaccine and obtaining an official document from an accredited laboratory on or outside the Lebanese territory confirming the results of this test.
- Presenting a medical report on a unified medical prescription, signed and stamped with the seal of a doctor registered in one of the two Lebanese Medical Syndicates.
- The Preventive Medicine Department at the Ministry of Public Health issues an official document certifying that the person concerned will be vaccinated after submitting all documents and checking them.

The Ministry of Public Health reported that PCR examinations were completed for flights that arrived in Beirut and were conducted at the airport on March 30, 31, April 1, where the results showed that there were fifty-six (56) positive cases distributed over the following flights:

Direction	Company	Flight Number	Number of Cases

General Decisions / Announcements

The meeting of the Follow-up Committee on Measures and Procedures to Confront the Coronavirus, which was held on 3/31/2021, issued the following recommendation:

- Based on the decision of the Minister of Public Health No. 465 / A dated 3/31/2021 regarding the abolition of the PCR examination for travelers who received the Covid 19 vaccine, the Committee recommends that incoming travelers who received two doses of the Covid 19 vaccine be exempted after at least 15 days have passed from the date of Receive the second dose of PCR examination when moving through any of the border crossings: land, sea or air, provided that it will be applied after coordination by the Ministry of Public Health with each of the Ministry of Foreign Affairs and Expatriates, Interior, Municipalities, Public Works and Transport to determine the countries by the Ministry of Foreign Affairs And expatriates that adopt a certificate of vaccination issued by them that is valid for the requirements of this decision.

The Presidency of the Council of Ministers issued Circular No. 5/2021 on 3/26/2021, whereby, based on the proposal of the Ministerial Committee, all public departments and institutions are required to work with an attendance rate not exceeding 50%

- Re-extension of the general mobilization status for a period of six months, starting from 1/4/2021 until 9/30/2021 inclusive, with the enforcement of the measures and procedures imposed and their implementation during the general mobilization extension period.
- Request the technical committee charged with following up on the control of the Coronavirus, to complete communication with the concerned authorities, trade unions and associations, in order to put it into practice and to adhere to the procedures and measures that contribute to mitigating the spread of the epidemic.

Note: The full text of the decision can be found on the website <http://drm.pcm.gov.lb>

Examples of lack of adherence to safety measures

- Overcrowding in foodstuff stores, failure to organize roles on payment boxes, failure to respect the safe distance between customers, and the obligation to wear masks.
