- Investigating and following up on suspected and positive cases and cases in home quarantine for residents and expatriates in the various Lebanese regions.
- Reporting new casualties among the elements of the internal security forces, internal security and the army.

---

## Ministry of Public Health

---

The Ministry of Public Health announced a contribution secured from the budget reserve of fifteen (15) billion Lebanese pounds that will be distributed to support ten government hospitals in various Lebanese regions with the aim of developing and supporting them in containing the Corona pandemic.

During the weekly scientific committee meeting, the Ministry announced a set of challenges that impede an effective response to curb the spread of the virus, the most important of which is the failure of a number of citizens and institutions to abide by the instructions issued by the Ministry of Public Health, media campaigns that negatively affect public opinion and the reluctance of some hospitals to receive infected cases. In addition to other challenges, the spread of the epidemic in sensitive places, such as the elderly home or among foreign workers of different nationalities, and the registration of two deaths at an early age.

The Ministry issued additional test results for the upcoming trips on August 29 and 30, 2020, all of which were negative

### Lebanese Red Cross

43,350 (223 New)	Number of PCR tests transferred to laboratories	0	Number of additional ambulance centers ready to respond	48	ambulance centers	4226 (32 New)	cases transferred to hospitals
166	Number of volunteers trained to transfer PCR tests	1498	Number of trained paramedics	8534	total number of respondents	67627 (72 New)	number of those benefiting from awareness *sessions
967	The number of university volunteers trained to follow up on prevention measures in companies and institutions	217	Number of university volunteers trained to conduct awareness sessions	550	total LRC volunteers for covid19	8345	number of trained managers for isolation centers

### General announcements

On 8/31/2020, the National Committee for Follow-up of Preventive Measures and Measures to Confront the New Coronavirus issued the following recommendations based on an assessment of the reality of the epidemic:

- Activating the mechanism approved between the Ministry of Public Health and the Lebanese Red Cross to distribute and transfer suspected cases of Coronavirus to governmental and private hospitals through the call center established in the Ministry of Health, provided that the Red Cross is provided with daily regulations about the hospital occupancy rate.
- Activating the work of the electronic platform IMPACT at the Ministry of Interior and Municipalities to monitor the situation of those infected with Coronavirus.
- Reopening amusement centers with an occupancy rate of 50% only, while adhering to the highest preventive measures
- Reopening the external wedding gardens only, subject to obtaining approval from the Ministry of Interior and Municipalities, and monitoring by the municipal police, provided that the occupancy rate does not exceed 50%.
- Conducting an analytical statistical study of the spread of the Coronavirus, in cooperation with the Ministry of Communications and the Lebanese University.

**Note: The decisions can be found at [www.drm.pcm.gov.lb](http://www.drm.pcm.gov.lb)**

## Examples of lack of adherence to safety measures

- The tourist officer at the Ministry of Tourism wrote a report of seizure against the Ballroom Foundation and Nightclub, which are located in the Jounieh Haret Sakher area, the Analogue Club in Ashrafieh, the MOOD Club in Broumana and the Mr. Dollar in Zouk, due to the violation of General Mobilization Resolution No. 1032/2020, failure to comply with preventive measures, and the permitted number of customers, which were sealed with red wax.
- Demand gatherings and demonstrations.
- Failure to comply with the preventive measures and procedures required in a number of stores and markets (putting on a muzzle or face mask, sterilizing hands, maintaining a safe distance).
- Gatherings for social events.
- Failure of those in contact with confirmed cases to adhere to home isolation procedures until the results of the laboratory tests are issued.

**If you feel any symptoms, call directly the hotline of the Ministry of Public Health: 1214 or 01/594459**

## A list of the laboratories accredited by the MoPH to conduct PCR tests

<b>Public Hospitals</b>			
Hospital Name	Location	Hospital Name	Location
