## The Online platform to measure the level of risk of the spread of the new Corona virus

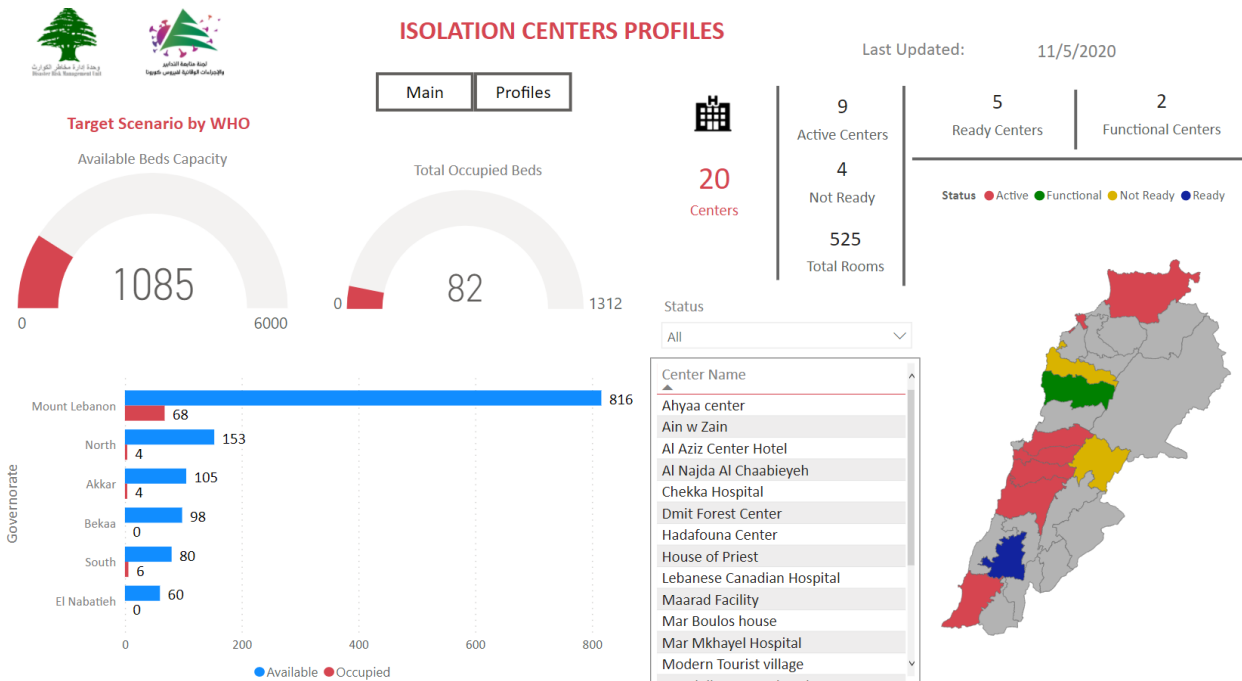

This interactive platform allows you to know the level of risk of spreading the kurna virus according to districts, based on the number of cases registered daily and the number of residents in each district. For more information daily, you can access the following link: <https://bit.ly/DRM-RiskLevelInMunicipalities>

## Online platform to track sector commitment in general mobilization procedures

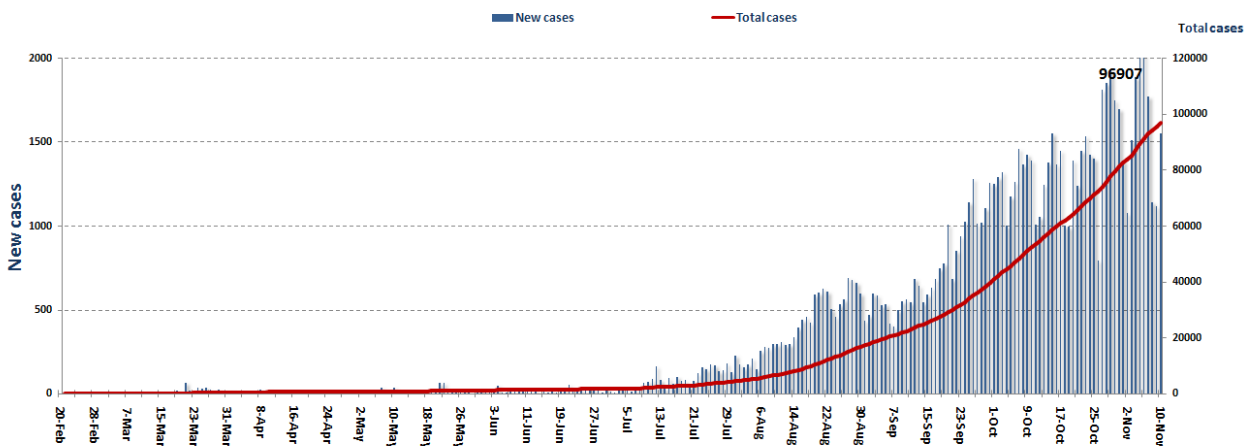

Based on the recommendation issued by the National Committee for Follow-up of Preventive Measures and Measures to Confront the Coronavirus to open all sectors, provided that the general mobilization procedure (safe distance, muzzle, and hand sterilization) be applied, a special electronic platform was created that allows monitoring and measuring the percentage of commitment by various sectors on an ongoing basis. The detailed results can be viewed directly at the following link <http://bit.ly/covidsectordata>

## General announcements

---

- Based on the decree to extend the general mobilization until 12/31/2020, and based on the recommendation of the ministerial committee charged with following up preventive measures and procedures of Corona virus, and after reviewing the situation of the spread of the virus and the need to raise the preparedness of the health sector, and based on the termination issued by the Supreme Defense Council on 11/10 / 2020, the President of the Lebanese Republic and the Prime Minister agreed to give exceptional approval for the full closure of the country starting from 5:00 AM on Saturday, 11/14/2020 until 5:00 AM of Monday 11/30/2020, taking into account the exceptions that were identified in the Cabinet decision No. (1) of 3/15/2020 regarding public mobilization to confront the spread of the virus, which are summarized as follows:

- Closure of public administrations, institutions, municipalities, their unions, universities, public and private schools, and nurseries of all kinds.

Excluded from this is what is necessary for the work in ministries, public administrations, public institutions, municipalities and their unions according to a mechanism issued by a decision of the competent authority, the main institutions of the Ministry of Defense, the General Directorate of Internal Security Forces, the General Directorate of Public Security, the General Directorate of State Security, the General Directorate of Civil Defense, the Lebanese Red Cross and Municipal police, guards and Civil defense, the Ministry of Public Health, hospitals, governmental clinics, social care centers and everything related to the health sector, the General Directorate of Social Security, the General Directorate of Cooperative of State Employees, mutual funds, insurance companies and health observers, Rafic Hariri International Airport, the Electricity of Lebanon, the Ministry of Communications and Ogero and everything related to the telecommunications sector, the General Directorate of Oil and everything related to the oil, fuel and gas sector, the General Directorate of Water Resources and the institutions associated with them, the Banque du Liban and financial institutions in coordination with the Association of Banks in Lebanon, companies of transfer, distribution and transfer of funds and banking institutions, and the Ministries of Industry, agriculture, economy, trade and everything related to the collection, import and export of agricultural and animal products, collection, transportation and distribution of crops and agricultural products, judges and lawyers, members of the diplomatic service, non-governmental organizations that work only in the areas of food security and health, provided that they obtain a license from the Ministry of Interior and Municipalities.

- Suspending work in companies, private establishments, shops of all kinds, and offices of self-employed persons, taking into account the extreme necessity associated with work conditions.

- Excluded from this are mills and bakeries and everything related to the manufacture, storage and sale of basic food products, agricultural products and materials needed for them, delivery services in restaurants, patisseries and factories at a rate of one third of the workforce, institutions operating in the land, sea and air transport sector, management and workers of hotels and furnished apartments, transport companies, and workers in the media sector.

- All works related to restoration and consolidation in the area affected by the Beirut Port explosion is excluded from the closure decision.

- Requesting all relevant ministries, each according to their competence, as well as from all security agencies, to take all measures that would put this decision into immediate implementation and give the necessary directions to strictly respect safety measures and prevent the spread of the virus.

- Requesting from the Ministry of Information to take all necessary measures to intensify awareness campaigns.

The National Committee for Follow-up of Preventive Measures and Procedures for Corona virus, during its meeting on 10/11/2020, issued the following recommendation:

- All ministries must deposit within a 24-hour period the Ministry of Interior and Municipalities a list of its directorates, departments, institutions and agencies ... which require continuing to work exclusively to provide essential and urgent services during the closure period in a manner that ensures the effectiveness provided that it adheres to 25% or less of the attendance of employees.

- The Ministry of Education and Higher Education issued the following statement: Educational institutions, both public and private, pursue distance learning, provided that the Ministry issues, based on the texts related to the closure, decisions regulating work and distance learning during this period later.

**Note: The decisions can be found at [www.drm.pcm.gov.lb](http://www.drm.pcm.gov.lb)**

## Examples of lack of adherence to safety measures

---

Failure of some municipalities to abide by the Ministry of Interior and Municipalities Decision No. 1025/2020 related to the closure of towns that have a high risk of the spread of the epidemic.

- Demand gatherings and demonstrations.
- Failure to comply with the preventive measures and procedures required in several stores and markets (putting on a muzzle or face mask, sterilizing hands, maintaining a safe distance).
- Non-compliance with the 50% occupancy rate in several restaurants and amusement game centers.
- Gatherings for social events.
- Failure of those in contact with confirmed cases to adhere to home isolation procedures until the results of the laboratory tests are issued.

**If you feel any symptoms, call directly the hotline of the Ministry of Public Health: 1214 or 01/594459**

**Laboratories that did not comply with the procedures approved by the MoPH About the information required to be recorded for infected cases within the past 24 hours**
