## Occupancy rate of isolation centers for cases infected with Corona virus

For more information about the isolation centers' distribution and the percentage of their occupancy, enter the following link: <http://bit.ly/DRM-IsolationCentersProfiles>

Note: These centers have been equipped in cooperation with the National Committee for Follow-up of Preventive Measures and Measures to Confront Coronavirus, Governors and Municipalities, the United Nations Development Program, the World Health Organization, UNICEF, the Ministry of Public Health, the Syndicate of Nurses in Lebanon, and the Syndicate of Specialists in Social Work

## Decisions and actions taken during the past 48 hours

### Ministry of Public Health

The Ministry of Public Health announced the arrival of the ninth shipment of "Pfizer" vaccine to Lebanon, containing 46,800 vaccines. Thus, Lebanon has so far received 343,980 vaccines from "Pfizer".

The Minister of Public Health held an evaluation meeting with the Director of the Mashreq Department at the World Bank, where the national strategy adopted in the national vaccination campaign and the progress made in administering vaccines were discussed.

The Ministry of Public Health announced the completion of PCR examinations for flights that arrived in Beirut and were conducted at Rafic Hariri International Airport between 5 and 10 April 2021, as the results showed that there were one hundred and thirty-one (131) positive cases, which were distributed over the following flights:

The Ministry of Information has published, on its website, a new list containing 51 questions and answers about the Corona vaccine, developed in cooperation with the Ministries of Public Health and Information, the World Health Organization and UNICEF. The regulation includes:

- General information about the anti-Corona vaccines, their effectiveness, their side effects, and the time it takes to protect the recipient of the vaccine.
- Information about the "AstraZeneca" vaccine and the assurance that it is safe, effective and does not cause blood clots.
- Information about the difference between the different vaccines, and their effectiveness against new mutations of the mutated Covid-19 virus.
- Information on the mechanism of purchasing, storing and distributing vaccines, and controlling their quality.
- Information about the possibility of special cases such as pregnant and lactating women and those suffering from chronic diseases obtaining the anti-corona vaccine, and the effect of the vaccine on pregnancy and fertility.

Following the decision of extending the general mobilization till 30 August 2021 and after evaluating the epidemiological reality and the decisions that should be taken in order to prevent the spread of Corona virus and based on the high prevalence of the pandemic in all governorates, the below should be taken into consideration:

1. Obligation of wearing face masks under the circumstance of fining the violators.
2. Implement a total curfew from Monday, 12 April 2021, with a period of one month, starting 2130hrs till 0500hrs, with the exemption of personnel who satisfy the conditions that are mentioned in the decision No: 96 issued on 06 February 2021, in addition to individuals who are not covered by the decision who can obtain a transportation clearance through [covid.pcm.gov.lb](http://covid.pcm.gov.lb) for the below sectors:
3. Hotels, Hospitals, Pharmacies, Gas station, vegetables, fruits and fish markets,
4. Request to all religious figures to warn from not abiding by the imposed preventive measures and urged to implement strict measures in worship places during prayers with a maximum capacity of 30%.
5. Travelers to/from BRHIA are exempted from the curfew based on possessing valid documents (ticket, boarding pass, ...etc.).
6. It is forbidden to hold banquets, feasts, Ramadan tents, with the exception of charities and institutions who will be allowed to deliver food after obtaining a permit from the MoIM (Ministry of Interior and Municipalities).
7. The below table shows the exempted sectors, its working schedule and the mechanism of obtaining clearances for its respective employees (The circular can be found in detail at the link: <http://drm.pcm.gov.lb>)

The Presidency of the Council of Ministers issued Circular No. 5/2021 on 3/26/2021, whereby, based on the proposal of the Ministerial Committee, all public departments and institutions are required to work with an attendance rate not exceeding 50%

- Re-extension of the general mobilization status for a period of six months, starting from 1/4/2021 until 9/30/2021 inclusive, with the enforcement of the measures and procedures imposed and their implementation during the general mobilization extension period.
- Request the technical committee charged with following up on the control of the Coronavirus, to complete communication with the concerned authorities, trade unions and associations, in order to put it into practice and to adhere to the procedures and measures that contribute to mitigating the spread of the epidemic.

**Note:** The full text of the decision can be found on the website <http://drm.pcm.gov.lb>

### Examples of lack of adherence to safety measures

- Overcrowding in foodstuff stores, failure to organize roles on payment boxes, failure to respect the safe distance between customers, and the obligation to wear masks.
- Overcrowding inside banks and gatherings in front of cash withdrawal machines and money transfer offices.
