Decisions and actions taken – 13/03/2021

Ministry of Public Health

The Minister of Public Health confirmed that the results of the examinations after the closure decision showed that the percentage of positive cases in Beirut and Mount Lebanon had decreased to 17%, and the number of examinations conducted by the Ministry of Health in the field and in government hospital centers exceeded 20,000 examinations per day, but the measures to combat the Corona epidemic were eased. In some areas, the permissible limit was exceeded, so the number of injuries increased in these areas, especially outside Beirut, Mount Lebanon, and Kesrouan.

The Minister of Public Health announced the schedule for the arrival of the "AstraZeneca" vaccine to Lebanon, as during the month of March, 92,000 vaccines from the World Health Organization will arrive via the Kovacs platform. By the end of March, 125,000 vaccines will arrive. In addition, 32 accredited centers for the AstraZeneca vaccine will be equipped, stressing that Lebanon adopted this vaccine after it was approved by the Kovacs platform and the World Health Organization.

The Minister of Public Health announced that the Ministry has seized an additional 750,000 vaccines from the "Pfizer" vaccine that will arrive in Lebanon during the month of June.

A team from the Ministry of Public Health, in cooperation with the Union of Municipalities of Al-Jouma and Ayat Municipality, carried out a campaign of PCR examinations, after the high number of Coronavirus infections in the town, as the campaign targeted 112 contacts, and the results were relatively high, reaching 30%.

The Ministry of Public Health announced the creation of additional vaccination centers for the AstraZeneca vaccine in all Lebanese regions, which will be announced through the vaccination platform against COVID 19, as the Ministry urged citizens to take the initiative to register their names on the platform and wait for their appointments.

The Ministry of Public Health is discussing with the Ministry of Industry the possibility of manufacturing the Sputnik V vaccine in Lebanon by private companies after obtaining the necessary approval from the relevant health authorities in Russia.

The Ministry of Public Health issued a report of the national vaccination campaign from 13 to 27 February 2021, which showed that 46,971 citizens had received the vaccine on date, 34,884 of them according to a predetermined date through the platform and 12,087 of them according to a predetermined date with the centers approved for vaccination by the ministry. For more details about the distribution of vaccines among the centers according to the governorates, the ministry's website can be increased: <https://moph.gov.lb>
