Ministry of Public Health

The Minister of Public Health explained that the scientific committee at the Ministry of Public Health has taken a decision to delay the administration of the second dose of the Pfizer vaccine until after six weeks from the first dose, and this is a procedure that has been adopted in more than one country in the world with recommendations from scientific references, because it allows expanding Patch of the beneficiaries of the first dose as it relieves the symptoms that were recorded in many after they received the second dose.

The Minister of Public Health stated that more than eleven thousand people have been vaccinated in Lebanon using the "AstraZeneca" vaccine without recording any side effects, and that the Ministry of Public Health uses this vaccine because it is approved by the World Health Organization, noting that France, Germany and Italy adopt it. For those over fifty years of age, this is what was recommended by the scientific committee at the Ministry of Public Health, especially since the probability of health complications as a result of vaccination is very weak and in specific cases. As for special illness cases, the minister explained that the vaccination of this group has been continuing since the first of April, as applications are accepted for those who have had dialysis and thalassemia and are currently undergoing chemotherapy, have transplanted organs and suffer from serious and critical diseases of the liver and respiratory system.

The Ministry of Public Health announced the completion of PCR checks for flights that arrived in Beirut and were conducted at Rafic Hariri International Airport on April 10 and 11, 2021, where the results showed that there were thirty-three (33) positive cases, which were distributed over the following flights

Following the decision of extending the general mobilization till 30 August 2021 and after evaluating the epidemiological reality and the decisions that should be taken in order to prevent the spread of Corona virus and based on the high prevalence of the pandemic in all governorates, the below should be taken into consideration:

1. Obligation of wearing face masks under the circumstance of fining the violators.
2. Implement a total curfew from Monday, 12 April 2021, with a period of one month, starting 2130hrs till 0500hrs, with the exemption of personnel who satisfy the conditions that are mentioned in the decision No: 96 issued on 06 February 2021, in addition to individuals who are not covered by the decision who can obtain a transportation clearance through covid.pcm.gov.lb for the below sectors:
3. Hotels, Hospitals, Pharmacies, Gas station, vegetables, fruits and fish markets,
4. Request to all religious figures to warn from not abiding by the imposed preventive measures and urged to implement strict measures in worship places during prayers with a maximum capacity of 30%.
5. Travelers to/from BRHIA are exempted from the curfew based on possessing valid documents (ticket, boarding pass, ...etc.).
6. It is forbidden to hold banquets, feasts, Ramadan tents, with the exception of charities and institutions who will be allowed to deliver food after obtaining a permit from the MoI (Ministry of Interior and Municipalities).
7. The below table shows the exempted sectors, its working schedule and the mechanism of obtaining clearances for its respective employees (The circular can be found in detail at the link: <http://drm.pcm.gov.lb>)

The Presidency of the Council of Ministers issued Circular No. 5/2021 on 3/26/2021, whereby, based on the proposal of the Ministerial Committee, all public departments and institutions are required to work with an attendance rate not exceeding 50%

- Re-extension of the general mobilization status for a period of six months, starting from 1/4/2021 until 9/30/2021 inclusive, with the enforcement of the measures and procedures imposed and their implementation during the general mobilization extension period.
- Request the technical committee charged with following up on the control of the Coronavirus, to complete communication with the concerned authorities, trade unions and associations, in order to put it into practice and to adhere to the procedures and measures that contribute to mitigating the spread of the epidemic.

Note: The full text of the decision can be found on the website <http://drm.pcm.gov.lb>

Examples of lack of adherence to safety measures

- Overcrowding in foodstuff stores, failure to organize roles on payment boxes, failure to respect the safe distance between customers, and the obligation to wear masks.
- Overcrowding inside banks and gatherings in front of cash withdrawal machines and money transfer offices.
