The Online platform to measure the level of risk of the spread of the new Corona virus

This interactive platform allows you to know the level of risk of spreading the COVID-19 according to districts, based on the number of cases registered daily and the number of residents in each district. For more information daily, you can access the following link: <https://bit.ly/DRM-RiskLevelInMunicipalities>

Level of commitment by sectors

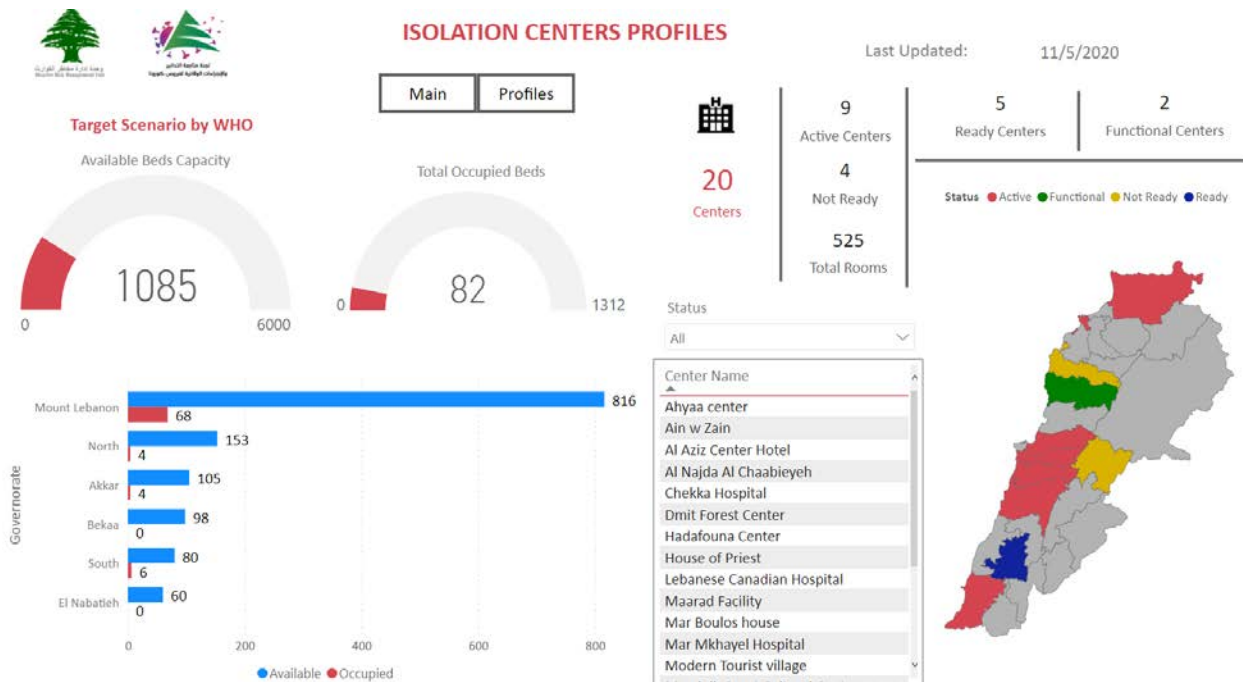

Based on the recommendation issued by the National Committee for Follow-up of Preventive Measures and Measures to Confront the Coronavirus to open all sectors, provided that the general mobilization procedure (safe distance, muzzle, and hand sterilization) be applied, a special electronic platform was created that allows monitoring and measuring the percentage of commitment by various sectors on an ongoing basis.

The detailed results can be viewed directly at the following link: <http://bit.ly/covidsectordata>
