Decisions and actions taken – 19/01/2021

Ministry of Public Health

-The Ministry of Public Health clarified that the daily information issued by the Ministry on the numbers of cases in the various Lebanese regions is based on what the Ministry receives from the results it receives from the laboratories in the various Lebanese regions, as it was found that these laboratories depend in some cases on the place of work and not the place of residence when registering the information. Accordingly, it was confirmed, through communication with the Syndicate of Laboratory Owners, that the laboratories should report the place of residence of those conducting the examination and not the place of work.

- Transferring the Qatari Field Hospital from Tire to the Rafic Hariri Governmental University Hospital or Sports City, provided that the University of Balamand will operate the hospital in cooperation with the relevant unions, medical colleges, university hospitals and the Red Cross, with direct accompaniment from the Ministry of Public Health and its

specialized teams. At the same time, work continues in Sir Dennyeh and Tripoli to install the two Qatari field hospitals in the near future and to transfer the equipment in the Sports City to them.

- The Minister of Public Health signed the final contract with Pfizer to secure more than two million and one hundred thousand vaccines that will arrive gradually starting from the beginning of February, and this contract is added to the agreement signed last October with the Kovacs global platform sponsored by the World Health Organization to secure two million seven hundred thousand vaccines from multiple international companies that will arrive in Lebanon successively. The minister affirmed cooperation with the private sector to secure two million vaccines from Astrazeneca and Sinopharm, starting next February.
