The following recommendations were issued by the Committee for Follow-up of Preventive Measures and Procedures for Coronavirus on 9/21/2020:

- The Ministry of Public Health activates the work of the epidemiological surveillance program, ensures that hospital and health institutions follow the agreed-upon risk containment protocol, circulates to laboratories, determines the timing for conducting examinations for contacts with a minimum of five days, develops a plan to increase the number of PCR examinations for contacts, studies and approves the proposed tariff To receive cases of Coronavirus infection in private hospitals and to activate adherence to the mechanism of reception, entry and exit of patients infected with Coronavirus in hospital institutions
- The Ministry of Public Health pays the material allowance owed to the directors of the isolation centers, provided that the international donors work to activate coordination and secure the operational costs of these centers
- The Syndicate of Private Hospitals and Doctors in Beirut and the North and the Syndicate of Nurses and Nurses in Lebanon
 set up an emergency line for each of them and put it at the disposal of health sector workers to report any problem or
 complaint related to the non-application or misapplication of the protocol for containing risks within health and hospital
 institutions.
- The Syndicate of Private Hospital Owners will work to open and operate special departments for Corona patients in all category "A" hospitals, while providing incentives for doctors, nurses, and workers in these departments.
- The Ministry of Interior and Municipalities and the Ministry of Tourism to activate the procedures of the third phase of the
 plan to reopen the generalized sectors in support of the recommendations issued on August 26, 2020 in terms of taking
 legal measures against violators
- The Ministry of Interior and Municipalities and the Ministry of Tourism to activate the procedures of the third phase of the plan to reopen the generalized sectors in support of the recommendations issued on August 26, 2020 in terms of taking legal measures against violators
- The Ministry of Justice works to reduce overcrowding in prisons
- Developing an action plan for responding and containing cases infected with Coronavirus in health care homes by the Ministries of Public Health and Social Affairs
- Include the daily report issued by the National Operations Room for Disaster Management an interactive map showing the
 affected cases for every thousand residents for fourteen days in each district, so that appropriate measures can be taken
- Waiting to close the sectors and work to implement and activate all recommendations while continuing to assess the reality
 of the epidemic
