## Decisions and actions taken – 25/03/2021

### Ministry of Public Health

The Ministry of Public Health announced that Lebanon had received 33,600 doses of the "AstraZenka" vaccine as a first batch that arrived yesterday evening at Rafic Hariri International Airport - Beirut on board a plane belonging to the United Arab Emirates, under the supervision of the Director General of the Ministry of Public Health and representatives of " UNICEF and a delegation from the Lebanese National Committee for Vaccine Administration, officials from the Ministry of Public Health, the official of the Quarantine Office at the airport, and a delegation from the Ministry's medical team.

The Ministry of Public Health issued Decision No.1/381 through special initiatives, with the aim of including them in the national platform for fertilization, which is as follows:

- Conducting the IgG test two weeks after completing the second dose of the vaccine and obtaining an official document from an accredited laboratory on or outside the Lebanese territory confirming the results of this test.
- Presenting a medical report on a unified medical prescription, signed, and stamped with the seal of a doctor registered in one of the two Lebanese Medical Syndicates.
- The Preventive Medicine Department at the Ministry of Public Health issues an official document certifying that the person concerned will be vaccinated after submitting all documents and checking them

The Ministry of Public Health announced the approval of the Presidency of the Council of Ministers on its request to exempt citizens from the cost of calling the hotlines 1214 and 1787 in order to reduce the financial burden.
