complete closure and a total curfew for a period of 3 days on the date of these events in order to avoid family gatherings and the resulting spread of the epidemic

The Presidency of the Council of Ministers issued Circular No. 5/2021 on 3/26/2021, whereby, based on the proposal of the Ministerial Committee, all public departments and institutions are required to work with an attendance rate not exceeding 50%

After the end of the meeting of the Supreme Defense Council headed by the President of the Republic, which was held before noon today 03/26/2021 in Baabda Palace, the following recommendations were raised:

- Re-extension of the general mobilization status for a period of six months, starting from 1/4/2021 until 9/30/2021 inclusive, with the enforcement of the measures and procedures imposed and their implementation during the general mobilization extension period.
- Request the technical committee charged with following up on the control of the Coronavirus, to complete communication with the concerned authorities, trade unions and associations, in order to put it into practice and to adhere to the procedures and measures that contribute to mitigating the spread of the epidemic.

The Minister of Education and Higher Education issued Decree No. 80 / M / 2021 related to the organization of administrative work in the Ministry, the Lebanese University, the Educational Center for Research and Development, and educational institutions, as of Monday morning 3/22/2021, based on the Cabinet Presidency Book No. 96 / M / P. Date 6/2/2021 regarding the update of the strategy to confront the Corona virus and the stages of gradually easing the closure restrictions, in which the following was stated:

- The work of distance learning continues in private and official educational institutions until a decision is made to return to blended education.
- Principals of secondary schools, schools and public institutes, principals, health counselors, and the mechanization worker, in addition to employees, are allowed to attend on Tuesday and Thursday until the return to blended education (except for Thursday on 3/25/2021 to coincide with the Annunciation Day), to secure administrative work and prepare for the gradual return of integrated education later.
- Directors of private educational institutions and several administrators and accounting officials in them continue to be permitted to attend during official working hours to complete the necessary administrative work.
- The administrative work in the general directorates of the Ministry of Education and Higher Education and the Educational Center for Research and Development continues in the central departments and administrative units in the governorates, and at the Lebanese University as of Monday morning 3/22/2021, with a full attendance rate for employees according to their official working hours.
- Citizens wishing to come to the main building of the Ministry of Education in Beirut to present or receive university approval, university equivalency, school equivalency, official certificate or a true copy from the official examination department, are required to obtain prior permission from the IMPACT platform, choosing the Ministry Education and Higher Education in the type of destination field, and choosing one of the four options in the field of destination name through the following link, in order to prevent overcrowding: <https://covid.pcm.gov.lb/impactmobile/curfew>.
- Employees, members of the educational staff and other workers during their attendance period in administrative units and educational institutions are obligated to adhere to all necessary preventive measures against the Corona virus and the requirements of public safety.

The General Directorate of State Employees' Cooperative issued a special circular No. 1/2021 for hospitals about the allowance for personal protection supplies and oxygen during the treatment of Covid-19 patients, so that the cooperative approved a new lump sum as follows:

- Personal protective equipment: 300,000 LBP for a regular room and 500,000 LBP for an intensive care room per day.
- Expense for oxygen in the intensive care room: 3 thousand Lebanese pounds for a normal flow and 6 thousand Lebanese pounds for a high flow during one hour.
