Decisions and actions taken – 28/02/2021

Ministry of Public Health

The Ministry of Public Health announced the arrival of the third shipment of Pfizer vaccine to Lebanon, containing 42120 vaccines, so that the total number of Pfizer vaccines received by the Ministry so far reached 101,790 vaccines. Starting on Sunday, February 28, the Ministry will publish a weekly schedule detailing the vaccination campaigns in all approved centers, specifying the amount of stock in the ministry's warehouses, the number of vaccines delivered to the centers and what remains in the stock of these centers, in addition to the total number of people who received the vaccine and the number registered on the platform

The Ministry of Public Health confirmed in a statement issued by it that the Ministry did not, during the previous days, offer any spiritual, political, union or other reference any program for an exceptional vaccination campaign, but rather that all matters related to vaccination depend on the priorities and stages determined within the national plan and according to the registration on the platform Official.

The Ministry of Public Health reported that PCR tests were completed for flights that arrived in Beirut and were conducted at the airport on February 25 and 26, 2021, where twenty-nine (29) positive cases were recorded, and they were distributed as follows:
