Occupancy rate of isolation centers for cases infected with Corona virus

For more information about the isolation centers' distribution and the percentage of their occupancy, enter the following link: <http://bit.ly/DRM-IsolationCentersProfiles>

Note: These centers have been equipped in cooperation with the National Committee for Follow-up of Preventive Measures and Measures to Confront Coronavirus, Governors and Municipalities, the United Nations Development Program, the World Health Organization, UNICEF, the Ministry of Public Health, the Syndicate of Nurses in Lebanon, and the Syndicate of Specialists in Social Work

Decisions and actions taken – 30/03/2021

Ministry of Public Health

The Ministers of Education and Higher Education and Public Health launched a campaign to immunize secondary education teachers in the public and private sectors by using the AstraZeneca vaccine, during a ceremony at the Lebanese Canadian Hospital in Sin El Fil - Horsh Tabet, where the campaign will begin with high school professors, followed by professors of official certificates in vocational, technical and education Year and the rest of the rows.

The Ministry of Public Health announced the arrival of the seventh batch of "Pfizer" vaccines to Lebanon, containing 25,740 vaccines. Thus, Lebanon has received so far 250,380 vaccines, noting that the Ministry will receive during next April 189,540 vaccines from "Pfizer".

The Information Office of the Minister of Public Health issued a statement explaining that the Ministry had given permission for the emergency use of the Russian and Chinese vaccines after reviewing the scientific files belonging to them, with the aim of purchasing them through a direct contract with the factory or the producing company funded by the general budget or indirectly through the private sector, as well as The ministry is awaiting a donation of the Chinese vaccine soon, in addition to that a number of private companies are completing talks to import this vaccine.

The Ministry of Public Health issued Decision No.1/381 through special initiatives, with the aim of including them in the national platform for fertilization, which is as follows:

- Conducting the IgG test two weeks after completing the second dose of the vaccine and obtaining an official document from an accredited laboratory on or outside the Lebanese territory confirming the results of this test.
- Presenting a medical report on a unified medical prescription, signed, and stamped with the seal of a doctor registered in one of the two Lebanese Medical Syndicates.
- The Preventive Medicine Department at the Ministry of Public Health issues an official document certifying that the person concerned will be vaccinated after submitting all documents and checking them.

Lebanese Red Cross

Cases transferred to the hospital	25,117 (123 New)	Ambulance centers	48	Number of additional ambulance centers ready to respond	85,8349	Number of PCR tests transferred to laboratories	241,227

General Decisions / Announcements

Adding to the executive data of Decision No. 96 / m on 6/2/2021 related to updating the strategy to confront the Coronavirus and the stages of gradually easing the closure restrictions issued by the National Operations Room for Disaster Management include the following:

- Abolish the current entry and exit ban measures
- Extending the timing of work for all commercial sectors until 21:00, while adhering to all preventive measures
- All sectors not mentioned in the statement: Comply with the preventive procedures and conditions previously circulated for the authority to obtain permissions from the platform
- Citizens: adhere to the request for permits to go to crowded places mentioned in the previous data
- All institutions: comply with all mandatory measures listed on the link: <http://bit.ly/3duFQ8f>
- Emphasize the obligation to wear a mask, social distancing, and follow protocols, procedures and preventive measures related to the virus
- Maintaining the ban on holding religious and social gatherings and events
- Keeping bars, cabarets, theaters, cinemas, and entertainment halls for children closed until further notice
- Popular markets except for markets for foodstuffs: they remain closed, and strict control over violations thereof
- Emphasize the need to conduct PCR or Antigen checks every 14 days for employees who are in direct contact with customers except for those who received the vaccine or were infected with the Corona epidemic within a 6-month period ago and upload the results of the PCR tests on the IMPACT platform
- Reactivating the Heat Map partial closure plan, with the aim of controlling the epidemic hotspots there
- Religious references: to warn against the danger of mixing and the dangers of the epidemiological reality, especially during the upcoming religious holidays (Passover and Eid al-Fitr) and the possibility of imposing a complete closure and a total curfew for a period of 3 days on the date of these events in order to avoid family gatherings and the resulting spread of the epidemic

The Presidency of the Council of Ministers issued Circular No. 5/2021 on 3/26/2021, whereby, based on the proposal of the Ministerial Committee, all public departments and institutions are required to work with an attendance rate not exceeding 50%

After the end of the meeting of the Supreme Defense Council headed by the President of the Republic, which was held before noon today 03/26/2021 in Baabda Palace, the following recommendations were raised:

- Re-extension of the general mobilization status for a period of six months, starting from 1/4/2021 until 9/30/2021 inclusive, with the enforcement of the measures and procedures imposed and their implementation during the general mobilization extension period.
- Request the technical committee charged with following up on the control of the Coronavirus, to complete communication with the concerned authorities, trade unions and associations, in order to put it into practice and to adhere to the procedures and measures that contribute to mitigating the spread of the epidemic.

Note: The full text of the decision can be found on the website <http://drm.pcm.gov.lb>

Examples of lack of adherence to safety measures

Overcrowding in foodstuff stores, failure to organize roles on payment boxes, failure to respect the safe distance between customers, and the obligation to wear masks.

Overcrowding inside banks and gatherings in front of cash withdrawal machines and money transfer offices.
