#### The Online platform to measure the level of risk of the spread of the new Corona virus

This interactive platform allows you to know the level of risk of spreading the kurna virus according to districts, based on the number of cases registered daily and the number of residents in each district. For more information on a daily basis, you can access the following link: https://bit.ly/DRM-RiskLevelInMunicipalities

#### Online platform to track sector commitment in general mobilization procedures

Based on the recommendation issued by the National Committee for Follow-up of Preventive Measures and Measures to Confront the Coronavirus to open all sectors, provided that the general mobilization procedure (safe distance, muzzle, and hand sterilization) be applied, a special electronic platform was created that allows monitoring and measuring the percentage of commitment by various sectors on an ongoing basis.

The detailed results can be viewed directly at the following link http://bit.ly/covidsectordata

For more information about the isolation centers' distribution and the percentage of their occupancy, enter the following link: http://bit.ly/DRM-IsolationCentersProfiles

Note: These centers have been equipped in cooperation between the National Committee for Followup of Preventive Measures and Measures to Confront the Coronavirus and Governors and Municipalities, the United Nations Development Program, the World Health Organization, UNICEF, the Ministry of Public Health, the Syndicate of Nurses in Lebanon and the Syndicate of Specialists in Social Work.
