The Online platform to measure the level of risk of the spread of the new Corona virus

This interactive platform allows you to know the level of risk of spreading the kurna virus according to districts, based on the number of cases registered daily and the number of residents in each district. For more information daily, you can access the following link: https://bit.ly/DRM-RiskLevelInMunicipalities

Online platform to track sector commitment in general mobilization procedures

Based on the recommendation issued by the National Committee for Follow-up of Preventive Measures and Measures to Confront the Coronavirus to open all sectors, provided that the general mobilization procedure (safe distance, muzzle, and hand sterilization) be applied, a special electronic platform was created that allows monitoring and measuring the percentage of commitment by various sectors on an ongoing basis.

The detailed results can be viewed directly at the following linkhttp://bit.ly/covidsectordata

Occupancy rate of isolation centers for cases infected with Corona virus

For more information about the isolation centers' distribution and the percentage of their occupancy, enter the following link: http://bit.ly/DRM-IsolationCentersProfiles

Distribution by age

Decisions and actions taken - 11/09/2020

Ministry of Public Health

- The Ministry of Public Health has issued the memo #159 dated 6/11/2020 related to the examination of persons in contact with active positive cases and the conditions to release isolated and quarantined cases. Main points of the decision:
 - Identification of the person in contact with an active positive case as the person who was in direct contact with a positive case for at least 10 minutes at 1.5 meters during the last 14 days.
 - The importance of abiding by the duration of 14 days quarantine for all persons in contact with positive cases even if the PCR test is negative.
 - Repeating the PCR within 5 to 7 days if the person in contact feels any symptom.
 - The conditions of home isolation or isolation at identified community center, where the asymptomatic person should be isolated for 10 days and return after to normal life without repeating the PCR test. As for the person who develops symptoms, he should be isolated for 13 days and if in the last 3 days he had symptoms, then be released, and return to normal life without repeating the PCR test.
 - Considering all positive cases after the isolation period non-contagious and resume normal lives while respecting all protective measures.
 - Patients with severe or serious illnesses or immunity deficiency should complete the isolation period for 20 days from the date of the start of symptoms and 72 hours after the high fever and other symptoms have disappeared, and can resume their normal lives without repeating the PCR test.
- The Ministry of Public Health is coordinating with the Central Bank of Lebanon to allocate specific amounts of money for private hospitals to create COVID-19 departments, noting that a specialized committee by the Ministry will visit all hospitals in Beirut and Mount Lebanon to check its logistical setups, which may affect the opening of sections for Corona patients.

General announcements

The Ministry of Education and Higher Education announced that lessons would be halted in attendance in official and private educational institutions on Monday and Tuesday, November 9 and 10, 2020, pending the decisions issued by the Supreme Defense Council meeting on Tuesday, provided that education is completed within the two days specified according to the available means and used in each An educational institution, and that schools, institutes, extension centers, and teachers 'homes remain open to secure administrative work, taking into account the rotation of attendance among members of the administrative body. The Ministry also affirmed that the official examinations and examinations in higher education institutions should be completed and the Colloquium examinations in attendance, provided that the necessary health measures are taken.

Note: The decisions can be found at www.drm.pcm.gov.lb

Examples of lack of adherence to safety measures

Failure of some municipalities to abide by the Ministry of Interior and Municipalities Decision No. 1025/2020 related to the closure of towns that have a high risk of the spread of the epidemic.

- · Demand gatherings and demonstrations.
- Failure to comply with the preventive measures and procedures required in several stores and markets (putting on a muzzle or face mask, sterilizing hands, maintaining a safe distance).
- Non-compliance with the 50% occupancy rate in several restaurants and amusement game centers.
- Gatherings for social events.
- Failure of those in contact with confirmed cases to adhere to home isolation procedures until the results of the laboratory tests are issued.

If you feel any symptoms, call directly the hotline of the Ministry of Public Health: 1214 or 01/594459
