Notes:

- The airport: All arrivals through Rafic Hariri International Airport are subject to health and security measures approved in the plan for the return of Lebanese expatriates by the Ministry of Public Health, the General Directorate of General Security and the General Directorate of Civil Aviation.
- Ports: Before allowing any vessel to enter the campus's harbor, the entire crew of the vessel is examined by a device approved by the Ministry of Public Health to ensure that there are no infections.

## Objectives of the National Operations Room

The National Operations Room works on coordinating efforts in order to accomplish the following goals:

- First Objective: Control the spread of the virus through the application of precautionary measures, minimize direct contact among people, and increase awareness of the population and access to information.
- Second Objective: Ensure the continuity of services at the national level and adopt and encourage remote working.
- Third Objective: Increase health sector capacity by continuously assessing available resources, gaps and look for fund-

ing and technical assistance to build up capacities and case management.

### **General Directions and Recommendations**

- Implement the decisions issued by the Presidency of the Council of Ministers at the level of public and private institutions and municipalities.
- Stay at home and don't go out unless it is necessary.
- Frequently wash hands and follow all safety measures set by the Ministry of Public Health.
- Avoid crowded places and social contact and commit to a safe distance between individuals.
- Seek medical care if you feel fever, cough and difficulty of breathes. Call the Ministry of Public Health hotline 1214 or 01-594459

### **Risks that Might Result in the Rapid Spread of the Virus**

- Lack of adherence to the medical advisories.
- Disrespecting to compulsory home quarantine.
- The spread of the virus in crowded places.
- Allowing gatherings to take place
