52 in ICU

## Status of cases

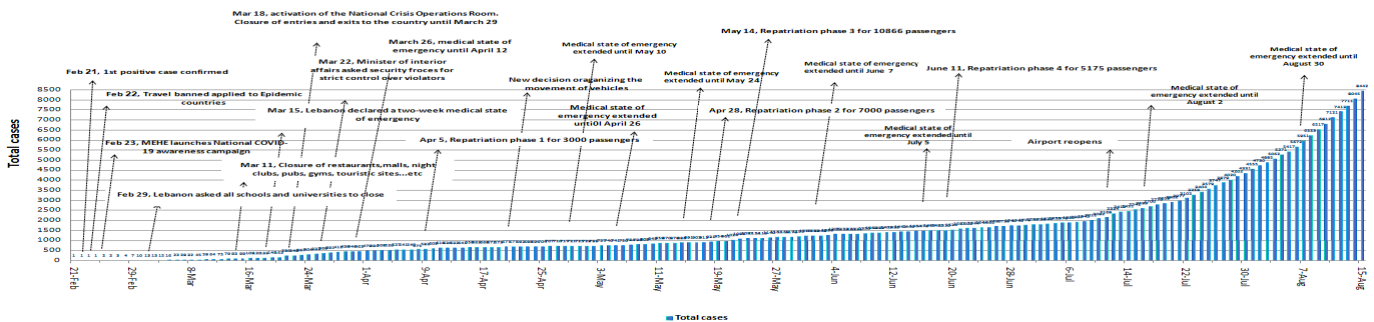

## Exposure

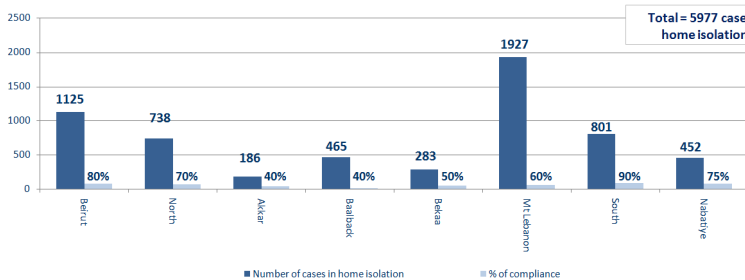

## Cases per day

## Chronology of decisions according to number of cases

## Number of individuals in home isolation and percent of commitment to isolation

## Distribution of recoveries by area

## Distribution of deaths by governorates

## Distribution of deaths by age

## Distribution of cases by age group

Distribution of cases by age group (%)

## Distribution of cases by nationality

Distribution of cases by nationality

Lebanese : 7535 cases out of 8442 ( 87 % )

Distribution of cases by gender (%)

## Decisions and actions taken

### Ministry of Public Health

- the ministry is increasing the number of conducted PCR tests in different Lebanese regions to examine the level of the virus' spread in the country.
- The Ministry is discussing with the Lebanese University a mechanism in order to assist the Ministry in conducting PCR examinations for arrivals at the land borders
- following up on providing the needed equipment for public hospitals

### Security services (Internal Security Forces, General Security, State Security, Army, General Directorate of Civil Defense)

- The army carried out patrols in different Lebanese regions, distributed food boxes to families in need (CIMIC) and dispersed gatherings.
- General Security Forces followed up on the airport's set regulations for the return of Lebanese expatriates to their homeland and tracked potential cases in various Lebanese regions and ensured that they're adhering to the terms of home isolation. forces also announced the list of refugee camps that have positive cases (bedawi, kfar daba, alqasemeye, ain el helwe, al bas, aljalil).
- State security forces followed up on positive and suspected cases in home isolation. forces also announced the results on tests conducted on suspected cases. forces also announced the measures being taken in municipalities for preventing the spread of the virus.
- ISF will be isolating the following areas for the next week:

			3			1

## Examples of lack of adherence to safety measures

- Demonstration, and Roadblocks
- Overcrowding in restaurants and cafes
- Non-compliance of citizens with preventive measures
- Gathering in cafes
- gatherings without wearing masks.
- social gatherings and celebrations and kids areas

## General Decisions

Recommendations issued by the National Committee for Coronavirus on 8/12/2020:

- remove medical supplies from the port of Beirut, to avoid damage to them.
  - private hospitals are only allowed to hospitalize covid patients in special wards.
  - Adopting the transfer of covid cases to government hospitals as a first priority and private hospitals as a second priority.
  - limit the spread of cases by closing and isolating the concerned areas, neighborhoods and streets
  - inform the Syndicate of Medical Laboratories that positive cases must be reported to the Ministry of Public Health
  - Assigning general directors in all ministries to develop a plan within 72 hours to prevent the spread of the virus in ministries
- Note: Full recommendations can be found at [www.drm.pcm.gov.lb](http://www.drm.pcm.gov.lb).
